

FANLESS AND INSTANTLY BOOTABLE

ULTRA-COMPACT IOT SOLUTION FOR EDGE COMPUTING AND AUTOMATION

These two ready-to-connect industrial PCs form the basis of Shuttle's new "Edge" model series. Measuring no more than 92 mm, they are perfect for maintenance-free constant operation in a switch cabinet or for mobile use. The external connection options are enhanced by a pin header inside the EN01J3 and EN01J4. A large selection of accessories completes this innovative IoT solution.
