

SUPPORTS TWO 4K DISPLAYS

XPC NANOSTANDS FOR ULTRA-COMPACT DESKTOP PCS

Shuttle presents four ultra-compact PC solutions that are just 14 cm long and are ideal for use on a desk. Depending on individual workstation requirements, you can choose between energy-saving Intel Celeron and Intel Core processors. A VESA mount can be used to mount these models on suitable monitors, thus removing them from the desk completely, if desired.
